One press on/off button with time display for more accurate mixing.

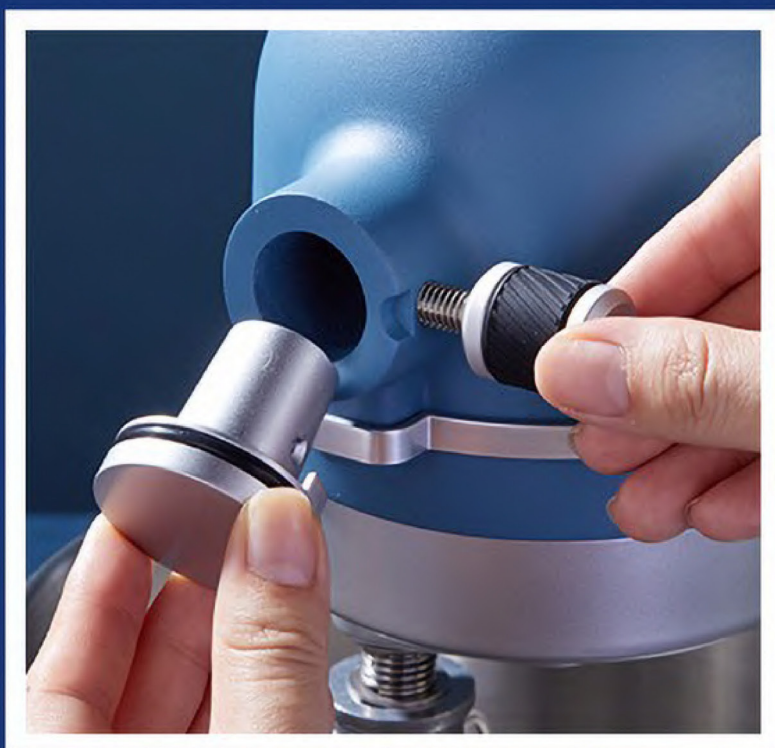

Splash Proof Bowl Cover

High quality transparent cover, easily observe mixing status. Wide open port for convenient feeding of ingredients during operation.

Additional Accessory Port

Easily attach additional optional attachments to expand the function of 5 Artisan.

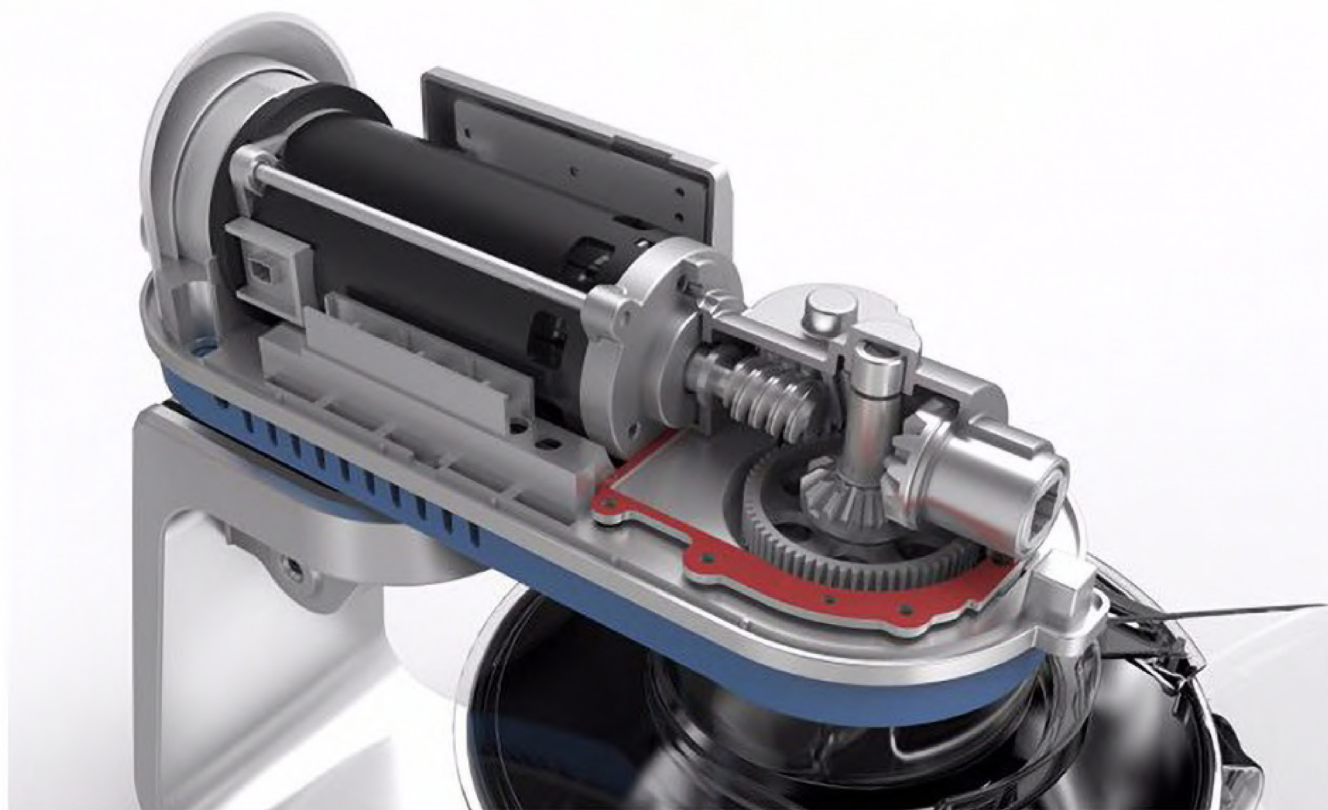

4+1 Sturdy Anti-Skid pads

Additional anti-skid pads to ensure stability operation.

DC Motor 800W \approx **AC Motor 1500W**

Advantages of DC Motor

DC Motor operates more quietly

The sound of ordinary AC series motor in the market operates between 75-80dB. Our DC Motor operates significant quieter at 50dB, and for the whole machine 59dB - 69dB.

5 Artisan DC Motor Advantage

Our DC motor torque is 958.214mN.m
Increasing kneading efficiency,
forms gluten faster.

AC motor torque is around 317.300mN.m
Taking longer to knead,
forms gluten slower.

Equipped with excellent heat dissipation design on
the mixer for optimal performance.

Beautiful Design with clear display

Time indicator to monitor operation duration
