

SEALING MACHINE CONVEYOR SEAL 800

SPECIAL FEATURES

1. High Efficiency Continuous Sealing

Seals bags non-stop with conveyor system — perfect for speeding up your production line.

2. Strong & Consistent Seal Quality

Ensures airtight, neat, and professional sealing to keep products fresh and secure.

3. Adjustable Speed & Temperature

Easy to control based on different packaging materials like plastic, foil, or laminated bags.

4. Heavy-Duty & Stable Operation

Built for long working hours — ideal for SMEs, food businesses, and industrial use.
